### 1 Exercise 1

In the report, explain why MQTT is a better choice than REST as the communication protocol for this application.

### 2 Exercise 2

In the report, fill the following table selecting the most suitable HTTP method (GET, POST, PUT, or DELETE) for each row and motivate your answer.

Ho introdotto i Ref n° per poter descriverli e spiegare le motivazioni più semplicemente.

Method	Endpoint	Ref n°
	/devices	(1)
	/device/mac_address	(2)
	/device/mac_address	(3)
